

Batteries:

Motorola 9500 & Iridium 9505

Part No: SYN0060C

High capacity Li-Ion 3.7V, 2800mAh

Iridium 9505A

Part No: BAT0602

High capacity Li-Ion 3.7V 2800mAh

Iridium 9555

Part No: BAT20801

High capacity Li-Ion 3.7V 2200mAh

Battery Chargers:

AC power outlet

Motorola 9500, Iridium 9505

Part No: ACDC0601

Iridium AC Travel charger for Motorola 9500, and Iridium 9505.

100-240VAC to 12VDC 1.55A Includes International plug adaptors.

DC output to cigarette lighter socket. Requires SYN0039B Auto Accessory Adapter.

Part No: SYN7024A International plug kit for original Motorola AC Charger – while stock lasts

Part No: ACDC-AUS12V Alternative AC to DC plug-pack for Motorola 9500 and Iridium 9505

100-240VAC to 12VDC 1.5A. Australian AC plug. DC output to cigarette lighter socket.

Requires SYN0039B Auto Accessory Adapter.

Iridium 9505A and Iridium 9555

Part No: ACTC0701 AC Travel Charger, RoHS Compliant.

Requires purchase of IPK0601, sold separately.

Part No: IPK0601

International AC Plug Kit, Iridium 9505A and Iridium 9555 RoHS Compliant

DC Cigarette lighter socket

Motorola 9500, Iridium 9505

Part No: SYN0039B

10-32VDC to 4.4VDC Auto Accessory Adaptor. DC Charger for 9500 & 9505 model phones.

Iridium 9505A and Iridium 9555

Part No: AUT0701

Auto Accessory Adapter, Iridium 9505A and Iridium 9555

(DC Charger. 10-32V) RoHS Compliant

Antennas:

Motorola 9500

Part No: SAG1001A replacement antenna – while stock lasts

Iridium 9505 & Iridium 9505A

Part No: ANT0501 replacement antenna – RoHS compliant

Iridium 9555

Motorola 9500, Iridium 9505 & Iridium 9505A and Iridium 9555
Portable Auxiliary antenna

Part No: AT1621-7B equivalent to Iridium Part No: PAA0601
Magnetic base auxiliary antenna as per phone kit (Suits all model phones)
With a convenient magnetic mount, this compact, pocket-sized antenna travels with you from car to car, providing improved reception. Must have a large metallic surface to mount antenna (40 inches square).
Cable length 1.5 meters. Diameter 5.5 cm.

Antenna adapters

Part No: AAA0601 suitable for Motorola 9500, Iridium 9505 and 9505A
Part No: H2AA0801 for Iridium 9555 only

Special antennas

Part No: RST715 Beam Communications (Equivalent to Aeroantenna AT1621-12B)

Vehicle magnetic mount antenna. Versatile, larger antenna that delivers improved reception over the Portable Auxiliary Antenna. Uses a magnetic mount to secure antenna to large metallic surface such as a vehicle rooftop. (Requires 40 inches square metallic surface)
Cable length 5.0 meters. Diameter 8.9cm.

Part No: RST720 Beam Communications (Equivalent to Aeroantenna AT1621-5B)

Vehicle fixed mount antenna. Versatile, larger antenna that delivers improved reception over our Portable Auxiliary Antenna. Requires a 1.6 cm (0.625 inch) diameter hole in the vehicle rooftop to secure the bolt-on antenna. (Requires 40 inches square metallic surface).
Cable length 5.0 meters. Diameter 8.9 cm.

Part No: RST710 Beam Communications (Equivalent to Aeroantenna AT1621-142W)

Fixed mast antenna. Includes stainless steel mounting pipe. Use with all Iridium satellite portable and fixed phones to deliver exceptional reception performance, ideal for permanent in-building or marine applications. Designed for free air operation (no ground plane required).

Part No; SSMOUNT Stainless steel mounting pipe, should be used in all marine installations.

Part No: RST714 Beam Communications Whip style antenna. Chrome spring base, suitable for bull-bar mounting. Complete with mounting hardware and 5m RF cable The antenna is very good for 4WD / RUV and Truck applications where a rugged antenna giving the highest possible clearance of the roof line is required and can be easily fitted to the bull bar of a vehicle. 5m of antenna cable is included and attached to the antenna.

Part No: RST719 Beam Communications Iridium Aeronautical antenna Bulkhead Patch (TSO Approved)

Iridium antenna designed for aeronautical based applications. The antenna is designed to be low profile and is TSO approved C-144.

Part No: SKN6121B Customized Cable Kit includes: 0.5 meter antenna outside cable and connector, lightning surge suppressor, 1.5 meter inside coaxial cable and connector.

Part No: 92-09G-10 RF main cable, 10 meter CNT400 with type N connectors. Male - Female

Data Accessories

Part No: ADKT0602 Iridium Data Kit, 9505A Direct Internet V 2.0 RoHS Compliant
Includes RDA0401 data adapter, Data CD DI V2.0 software tripod stand, RS232 serial cable and velvet pouch.

Part No: SYN8371B Iridium Data Kit, 9505 Direct Internet V 2.0 RoHS Compliant
Includes SYN0091A data adapter, Data CD DI V2.0 software tripod stand, RS232 serial cable and velvet pouch.

Part No: RDA0401 RS232 Data Adapter for Data Kit, 9505A

Part No: SYN0091A RS232 Data Adapter for Data Kit, 9505

Part No: FXKT0601 Iridium Fax Adapter. Supports most Group III fax machines

Part No: 301-1001-15 Edgeport/1 with 2M captive cable. USB to EIA-232 serial.

Part No: SL0700-004 Socket Communications PCMCIA to Serial adapter

Part No: USBC0801 USB-Mini to USB Cable - 9555

Part No: DCD06002 CD-ROM, Direct Internet V 2.0

Part No: H2CD0901 Data CD – for Iridium 9555 Includes USB drivers and user manual
Data connection for Iridium 9555 requires DI V2.0 software.

Other accessories and Spare parts

Part No: **RST958 Beam Communications**. Plastic mounting cradle. Suits 9500, 9505 and 9505A handsets. While stocks last

Part No: RAM120B Die cast mounting cradle. Suits 9500, 9505 and 9505A handsets.

Part No: HFHS0601 Hands-free headset, retractable. For 9505, 9505A, 9555. RoHS Compliant

Part No: HOL0801 Leather Holster - 9555

Part No: SYN7863A Leather Holster for 9505, 9505A

Part No; SYN0026B Leather Holster for 9500

Part No: SYN8535A Water Proof Pouch for all models. While stock lasts.
